This map is provided as a guide for those who intend to use the recreational trails throughout the Fox Cities and the surrounding area. The cities of Appleton, Menasha, Neenah, and Kaukauna; the towns of Menasha, Greenville, Clayton, and Grand Chute; Outagamie County; and Fox Cities Greenways, Inc. have worked together to provide an extensive network of trails throughout the Fox Cities, with other trail segments yet to be completed. These trails offer a variety of different recreational opportunities and connections to the various communities throughout the Fox Cities. Many of the trails noted on the map are paved off-road trails, offering the opportunity to walk, bicycle, and skate on hard surface trails. Some segments are sidewalks along local streets that provide connections to the paved, off-road trails. Other segments noted on the map are on-street routes that offer connections to other trails and recreational facilities. Additional trail segments continue to be explored with future construction scheduled to create a seamless recreational trail system throughout the Fox Cities.
The information provided in this map is intended to assist trail users in their use of the trail system. The information has been reviewed by the various governmental agencies for accuracy, but these agencies are aware that slight discrepancies between the trail map and actual trail conditions may exist. Please be alert to the existing trail conditions and make any adjustment necessary to allow for a positive recreational experience. The local agencies/organizations do not warrant the safety or fitness of the suggested routes. This map is provided to assist with recreational activities and shall not be construed in any way to expand the liability of the local agencies/organizations beyond the existing law.
To report any safety or maintenance concerns, contact any of the agencies/organizations noted on the map.
To download sections of this map, please visit any of the websites noted on the map. Suggestions to improve this map and accompanying information are also welcomed and can be sent to any of the contacts noted on this map.
